Greetings!

Here at EchoCuba, our purpose statement affirms our resolve to "collaborate and partner with the Christian Church throughout Cuba to help bring the love of Jesus Christ and the life-changing message of the Bible where it is needed most."

We’ve witnessed amazing results when people join together to work toward a common goal. Over the years we have extended beyond our own partnership with the Cuban Church to develop rich, meaningful partnerships with all denominations, creating a network of helping hands across the entire island. Frequently, new or expanded programs are supported by the generosity and hard work of other ministries, churches, organizations, and businesses.

In the challenging Christian mission field we work in, we’re not interested in reinventing the wheel or duplicating what others are already doing. Rather, we seek to accomplish our mission by leveraging the full spectrum of ministries available through collaborating with other ministries and churches with proven track records in their niche areas. Please join us in thanking God for our invaluable partners and collaborators. Know now why we say for two of forgetting some, but they provide valuable resources and funding of all types to help us meet the needs of the pastors, leaders, and people of the church in Cuba.

Collaborating with Partners to Accomplish our Mission

By: Victoria Marie

At EchoCuba we believe that collaborating with other ministries, churches and organizations enhances our ability to accomplish our mission and achieve the greatest possible results.

We collaborate for the Cuban Church

Our partners Feed the Children and Feed My Starving Children help us provide nutritional food with a long shelf life to nourish our children and their families. Our partners at the Baccardi foundation provide water purification tablets to help control the spread of cholera in our communities. By improving the overall health of our communities, we build a more solid foundation for our future work together.

We collaborate with the Cuban Church

EchoCuba works in partnership with national leaders and communities to strengthen leaders in the church. We provide biblical study materials, practical pastor resources, and training programs to help pastors and leaders gain sound theological training so they can best serve and shepherd their flock. Well-trained Christian leaders can more effectively lead the rapidly growing Christian Church in Cuba.

We collaborate on behalf of the Cuban Church

EchoCuba has created meaningful partnerships with all denominations, uniquely extending our reach across the entire island. As a service to churches in North America, EchoCuba coordinates and facilitates Mission Trips to provide access and learning opportunities for Christians to experience first-hand the indomitable spirit of the Cuban people and contribute to the good works of the Cuban Church.

Please Give

Your financial contribution will help send evangelism teams into villages and schools, provide healthcare to developing nations, help train widows with skills that will allow them to survive financially, build schools that will train native pastors for full-time ministry, and literally save the lives of thousands of people who are in physical and spiritual need.
