Success Story No. 6-0501

ECHO-Cuba has been networking with many ministries, churches and individuals to help provide Laptop Computers with a theological library to seminaries in Cuba. The following two pictures are examples of the tremendous success of this strategic ministry.

Rev. Ramon Sanchez, President of the Convencion Bautistas Libres de Cuba (Free Baptist Convention) with Jon Woodruff of Josh McDowell Ministry. Jon brought down the computers.

Rev. Otoniel Bermudez Villafana, leader of the Convencion Los Pinos Nuevos (Los Pinos Nuevos Convention), and a seminary student inspecting an ECHO-Cuba Laptop. Bermudez is the former Executive Director of the Cuban Council of Churches.
