

## Eradicating the Bible Shortage in Cuba

November 2018

**Our Cuban Brothers and Sisters in Christ are in need of the Scripture. Learn how you, too, can help fight the Bible scarcity that affects the Cuban church in 2018.**

There is a spiritual awakening sweeping through Cuba. The whole island is experimenting a powerful spiritual growth thanks to the work of the many churches and denominations that faithfully work to spread the gospel and to make disciples in the Cuban nation. Yet, this exponential growth has not come without its own challenges. One of the most alarming of these challenges is the significant lack of

Bibles among church members. This phenomenon exists because the number of Bibles and Scripture engagement resources in Cuba is lagging far behind the growth of Christianity in the island and Cubans cannot afford to import high quality Bibles. But God has opened a door for us to impact the lives of millions and eradicate Bible scarcity.

Outreach Aid to The Americas has launched the “1200 Bibles to Churches in Cuba” campaign through *GoFundMe.com*. With this campaign, we seek to raise funds to send 1200 Bibles to Los Pinos Nuevos Churches in Cuba. This Cuban Evangelical Denomination has been granted a special approval to receive a shipment of Bibles just in time for Christmas, and certainly, receiving a Bible would be the most wonderful Christmas gift for our Cuban brothers and sisters in Christ.

You can access this campaign with the following link:

<https://www.gofundme.com/1200biblestocuba>

By donating any amount, you would be joining our efforts to support the growing church and help a new generation in Cuba enjoy a growing relationship with Jesus Christ.
